INTRODUCTION

Broadcast Equipment India Pvt. Ltd; a flagship company of BEI-VTI Group of Companies (Visual Technologies India Pvt. Ltd.) was established in 1992. It is amongst the few ISO 9001-2000 certified companies in Indian Broadcast industry today. We take pride when we say that, 'If you have any Broadcast need, we will have the optimal solution for it'. With over 25 renowned broadcast brands as our partners, a technically distinguished workforce, and a well acknowledged reputation in the industry for our sales and after sales support, we provide a one-stop solution for System Designing, Integration, Testing, Supply and Commissioning of Teleports, DSNG & OB Vans, Broadcast Channels and all related facilities.

BEI & VTI have evolved to be amongst the biggest DSNG/OB Van integrators and suppliers in India. After setting-up successful Teleport facilities for its clients, BEI has successfully completed the installation and commissioning of its own Teleport at the company's premises at sector 63 Noida (NCR), with all its peripheral facilities for 24x7 up-link of Television Channels. Integrated with finest equipment and state-of-the-art technology, our Teleport facility is now fully operational. BEI also provides DSNG & OB Vans on rental basis with or without Bandwidth facilities.
